Kind Attention: Santhosh Kumar PG

Sub: Supply of Electrical Spares

Dear Sir

Further to our discussions and specifications documents provided regarding the above-mentioned project, attached is a proposal for your consideration.

Proposal is for the Supply of Electrical Spares. We believe that IC Pro Solutions has the expertise and commitment to meet your project requirements cost effectively and in line with quality standards.

If you have any queries or amendments to this proposal, we shall be pleased to address the same.

We look forward to working together and hearing positively from you.

Yours Sincerely,

Santhosh

Draft Proposal

1. Company Profile

IC Pro's core business is the area of Industrial Automation and Controls for Oil and Gas, Pharma, Utility and Material Handling sectors that improves operational efficiency, safety, and security of Industrial production. In the automation world, we offer the full spectrum of services including Hardware Engineering, Software Engineering, Instrumentation, Project Management, Controls and Safety systems, IT and networking solutions, System Integration, Installation and Commissioning, Augmented Reality, Virtual Reality, 2D and 3D Drafting, and Simulation and Visualization of process/work to be carried out.

Our core expertise lies in offering customized, turnkey services that leverage state-of-the-art technology to empower our clients. In the Automation space, IC Pro has a proven track record in successfully delivering a wide range of greenfield and brownfield projects across multiple automation platforms, including Rockwell, Siemens, Honeywell, Aveva, and Ignition. We offer end-to-end services including FEED development, PLC/DCS control and safety system design, SCADA/HMI development, historian setup, industrial networking and cybersecurity, control/MCC panel solutions, legacy system migration, and ongoing operational support.

In the digitalization space, IC Pro delivers integrated digital solutions including IIoT edge management, cloud-based analytics, AR/VR/MR-enabled simulation, training, and digital twins for equipment and plants. Leveraging real-time data streaming, ML-driven analytics, and automation, we enable predictive maintenance and early failure detection. Our AR/VR tools, such as RealWear HMT and HoloLens, support remote access and collaboration. Additionally, our MES solutions streamline plant-floor operations by bridging business and production systems. We also ensure robust cybersecurity by building secure, resilient networks that defend against internal and external threats.

Our dedication to excellence is demonstrated through our certifications, including ISO 9001:2015, ISO 14001:2015, and OHSAS 18001:2007. We are committed to delivering cost-effective, value-driven solutions by leveraging advanced technologies and deep domain expertise. Our focus remains on consistently meeting customer expectations while fostering long-term, trusted partnerships.

We look forward to the opportunity to collaborate with you.

Draft Proposal

2. Scope of Supply :

Head1

Supply of Materials as mentioned in the below BOM1

Head2

Supply of Materials as mentioned in the below BOM2

Supply of Materials as mentioned in the below BOM3

Draft Proposal

3. Bill of Material (BOM) :

BOM #1: Table1

#	Material / Part No	Make	Specifications	Qty
1	limit switch XCKP / XCKP2145G11	Telemecanique	Range of product : Telemecanique Limit switches XC Standard, Device short name : XCKP, Material : Plastic, Contacts type and composition : 1 NC + 1 NO, Contact operation : Snap action	1
2	Eaton Moeller® series DILE Auxiliary contact module-Y7-10288 / 22DILE-	Eaton	pole : 4, Contact : 2 N/O, 2 NC, CONNECTION TYPE : Screw connection, Mounting type : Front fastening	1
3	Eaton Moeller® series DILEM Contactor, / DILEM12-10-G(24VDC)	Eaton	Control Circuit : 24 V DC, Pole : 3 Pole, Breaking capacity At : 380 V 400 V, 5.5 kW, , Contacts : 1 N/O, Connection Type : Screw terminals	1
4	TeSys GC - modular contactor / GC2510M5	Telemecanique	Product name : TeSys GC, Poles description : 1P, power pole contact composition : 1 NO, control circuit voltage : 220...240 V AC 50 Hz, Mounting support : DIN rail	12
5	SIMATIC S7-1200, AO Module / 6ES7232-4HB32-0XB0	Siemens	No of Analog Outputs : 2, Power Loss : 1.5 W, Rated Current : 45 mA, Rated Voltage : 24 VDC	1
6	SIMATIC S7-1200 to PROFIBUS as DP Master module; PG/OP communication; S7 communication. / 6GK7243-5DX30-0XE0	Siemens		1
7	RJ45 data connector / 6GK1901-1BB12-2AA0	Siemens		1
